The audit team has conducted the audit in 01 day as per the audit plan shared with the factory management. 02 auditors were present on the audit day, August 31, 2022. An opening meeting was held with the factory Management and workers representatives, where auditors explained the purpose, scope, and process of the audit, and gave a brief presentation on amfori BSCI code and auditing protocol. An onsite visit was conducted with a factory representative. Subsequently, the supplied documents as per audit requirements had been thoroughly reviewed. The time scope applicable for this audit begins from September 2022 to the audit date (the recent 24 months). For workers' interviews, the auditors selected workers from different production processes, different grades, and different age groups. The confidentiality and comfort of the interviewees were ensured throughout all interviews.
